Most Current Deployment

To cancel/delete an active deployment event, click “No” in the “Deployed/Deploying” window in the “Active Deployment” section. The screen will change and the rest of the deployment information will be grayed-out. Click “Save” and the active deployment event is cancelled/deleted.

Cancel/Delete an Historical Deployment Event

To cancel a historical deployment, click “Edit” in the “Deployment History” section. When the edit screen appears, click “Delete Record” and a prompt appears. Click “OK” and the event is cancelled/deleted.
